Kariza Designs presents its newest line, Kariza Vintage, resurrecting ancient silk wraps into modern day fashionable masterpieces.

Each individual wrap is hand-cut making each individual pattern unique for each piece.

These exciting and versatile vintage silk wraps can be converted into beautiful dresses, tops, shawls, and cover ups - achieving any number of looks, from simple, to sexy, to sophisticated.

In fact, each wrap can be worn in over 100 different ways! With limitless creativity, these timeless pieces can be worn for any occasion.

The echoes of "1000 Prints, 100 Ways to Wear, 1 Item!" has put this new line of "wearable art" into the limelight of the industry.
